

## LEADING BREAST CARE IN ARCADIA

125 W. Huntington Drive, Suite B100, Arcadia, CA 91007

Our Breast Health Experts in Arcadia provide personalized, comprehensive breast care services. Working together with the experts of the USC Norris Comprehensive Cancer Center, we provide patients with peace of mind. Our Breast Health Specialists assess each individual's risk, formulating patient-specific screening plans and integrating a range of treatments designed to meet each patient's needs.

### The Breast Health Clinic in Arcadia offers:

- Screening and diagnostic mammography
- Breast surgery and plastic/reconstructive surgery consultations
- Schedule your reconstructive surgery consultations
- Access to the latest scientific innovations in the prevention, detection and treatment of cancer, including the newest surgical techniques
- Access to clinical trials
- Access to genetic counseling consultations

## FROM MAMMOGRAMS TO BREAST CANCER TREATMENT

The breast care team includes a variety of specialists who collaborate to guide patients through evaluation, diagnosis and treatment. These specialists include experts in breast surgery, imaging, oncology, reconstructive surgery, genetics and occupational therapy.

When you receive your results, we suggest you consult with your referring physician to discuss your options.
